From Knowing to Growing

As we wrap up the first quarter, we have learned so much about our Scouts. Teachers have identified strengths, skills that need more practice, and areas where students are ready for greater challenges. Most importantly, we have seen our students learn, adjust, and grow.

Before we begin another quarter of learning, Fall Break gives everyone an important opportunity to rest and recharge. Our students have worked hard these first months of school, and taking time away from the daily routine can help them return refreshed and ready to learn.

Growth Looks Different for Every Scout

Every student begins the year with different strengths and needs. Because of this, growth will not look exactly the same for every child.

Some students are working toward grade-level proficiency. Others are already proficient and need opportunities to be challenged. What matters is that every student continues moving forward from where they started.

At CBE, we celebrate the small steps as well as the big ones. A new skill mastered, improved reading fluency, stronger math understanding, better writing, increased confidence, and greater independence are all signs of growth.

Ask your Scout:

"What can you do now that was difficult for you at the beginning of the year?"

You might be surprised by how much they have grown!

Quarter 2: A Fresh Start

A new quarter is a great opportunity to set a new goal. Talk with your child about one thing they would like to improve during Quarter 2.

It might be reading more each night, improving math facts, turning in assignments, arriving at school every day and on time, improving behavior, or simply asking for help when something is difficult. One small goal + consistent effort can lead to BIG growth.

Dear Cradleboard Elementary Families,

Message from the Principal

As we wrap up Quarter 1, I am proud of the learning and growth our Scouts have shown. Thank you to our families and staff for your continued partnership and support. With Fall Break approaching, I hope everyone takes time to rest, recharge, and enjoy time with family. When we return, Quarter 2 brings a fresh start and new opportunities to learn and grow. Have a safe and restful Fall Break!

Scout Strong. Apache Proud. Future Ready. ❤️ -Dr. Anna Pagatpatan Aranda

From Knowing...

Learning Doesn't Always Look Like Homework

Children learn in many ways outside of school. Families don't need worksheets every night to support learning.

Cooking practices measurement and fractions. **Shopping** builds math and money skills. **Board and card games** encourage problem-solving. **Reading together** builds vocabulary and comprehension.

Family stories and conversations strengthen speaking, listening, and cultural connections.

During Fall Break, give your child opportunities to learn—but also give them permission to **play, explore and rest.**

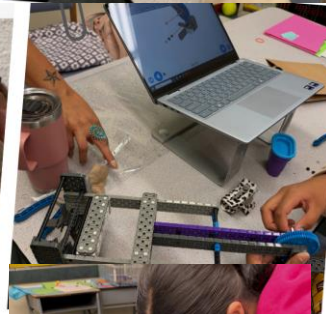

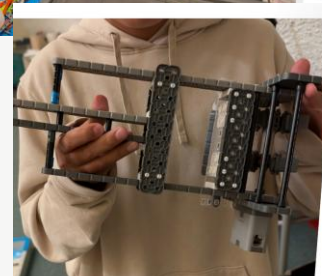

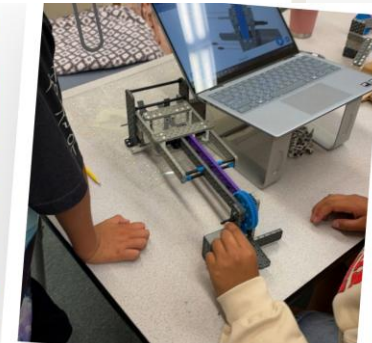

August- September PAC

Thank you to all our families who joined us for our **August and September PAC Meetings!** In August, we welcomed our **Kindergarten presentation**, shared **Title I information**, introduction of new staff members, and elected our **PAC officers**. In September, our **1st Grade students** presented, and families received information about **ESS and Federal Programs**.

Congratulations to our **raffle winners!** 🎉 Most importantly, thank you, families, for continuing to show up, participate, and **partner with us in supporting our Scouts**. Together, we make CBE stronger! ❤️

CBE Robotics Teams are Competition Ready!

Our CBE Robotics Team is busy building, coding, problem-solving, and practicing as they prepare for their first competition!

A special thank you to their sponsors, **Ms. Denaye, Mr. Lambunao, and Mr. Alejandrino**, for guiding and supporting our young engineers. We can't wait to see our Scouts put their teamwork, creativity, and STEM skills into action. Go, Scouts! ❤️ 📷

99th WMAT Rodeo and Parade, CBE Represent!

Our CBE Scouts proudly represented Cradleboard Elementary School at the 99th WMAT Rodeo Parade! A special thank you to **Ms. Jackie, Mr. Cosen, Ms. Yecenia**, and our wonderful parent volunteers for helping make our Scouts' participation possible.

Thank you for showing your CBE and Apache pride in our community!♥

September Students of the Month

CRADLEBOARD ELEMENTARY SCHOOL
SEPTEMBER 2026 STUDENTS OF THE MONTH

Kindergarten Rosalie S. Augustine Y. Brooke S. Myanna B.	First Grade Khalia G. Liam W. Noelani R. Gabriel B.
Second Grade Lovie V. Jaylee C. Talia T. Hailey M.	Third Grade Nehemiah G. Paris P. Raymonie A. Anozira A.
Fourth Grade Kayden T. Thaddeus N. Aubreyana C. Vanna R.	Fifth Grade Brando S. Jasmine W. Delvander A. Leila V.

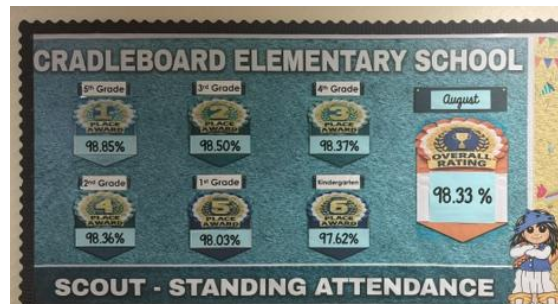

Congratulations!

Falling into excellence!
 ✨ Congratulations to our **September Students of the Month**! These Scouts have shown outstanding effort, positive choices, and Scout pride. Keep **"leaf-ing" your mark** and growing toward success!

Scout Updates

August and September Attendance Winners

Attendance Champions!

Showing up is the first step to success! A big Scout Shout to our 5th Grade students, our Attendance Champions for both August and September!

Thank you to our students and families for making attendance a priority. Every day at school is another opportunity to learn, grow, and succeed!

Way to go, 5th Grade—two months strong! ✨

Ancillary Updates

What Are We Learning This October?

October 2026 — K-5 Art | Beginning of Quarter 2

Grade	Elements of Art	Week 11 Oct. 12-15	Week 12 Oct. 19-22	Week 13 Oct. 26-29
K	Shape & Color	My Shape House — Identify and combine basic geometric shapes to make a house.	Primary Color Shape Collage — Arrange red, yellow, and blue shapes to create a picture.	Shape Pumpkin Patch — Combine shapes and primary colors to create a fall picture.
1	Value	Light & Dark Pumpkins — Discover that colors can have different values.	Value Ice Cream — Arrange light, medium, and dark versions of a color.	Moonlight Value Scene — Use light, medium, and dark values to create contrast in a night picture.
2	Form	Shape or Form? — Learn the difference between 2D shapes and 3D forms: cube, sphere, cylinder, pyramid.	3D Form Robot — Combine several forms to design an original robot.	Pumpkins Have Form! — Use curved lines, highlights, and shadows to make flat shapes appear 3D.
3	Texture	Texture Detective — Explore actual and implied texture and create a texture sampler.	Texture Animal — Use lines, shapes, patterns, and marks to show fur, feathers, scales, etc.	Textured Fall Landscape — Create a fall scene using several implied textures.
4	Space	Near, Middle & Far — Introduce foreground, middle ground, and background.	Fall Forest with Depth — Use overlapping, placement, and size to create depth.	Haunted House in Space — Create a scene using foreground, middle ground, background, overlapping, and size.
5	Space & Depth	How Artists Create Depth — Review horizon line and explore overlapping, placement, and size.	Landscape with Depth — Create clear foreground, middle ground, and background while changing object size and placement.	Night Landscape: Illusion of Depth — Independently combine several techniques to make a flat page look deep.

PE CLASS Filipino Games

Active Bodies • Strong Skills • Proud Culture

K-1 Luksong Tinik (jumping)

SKILLS DEVELOPED:

- ✓ Jumping
- ✓ Balance
- ✓ Coordination
- ✓ Timing
- ✓ Following directions

2-3 Iring-Iring (mobility/speed)

SKILLS DEVELOPED:

- ✓ Mobility
- ✓ Speed
- ✓ Agility
- ✓ Teamwork
- ✓ Listening skills

4-5 Patintero (mobility/teamwork)

SKILLS DEVELOPED:

- ✓ Mobility
- ✓ Teamwork
- ✓ Strategy
- ✓ Agility
- ✓ Communication
- ✓ Problem-solving

Play ♦ Learn ♦ Move ♦ Honor Our Culture

APACHE CLASS 3-WEEK LEARNING FOCUS K - 5th Grade

Language ♦ Culture ♦ Community ♦ Tradition ♦ Proud Scouts

WEEK	LEARNING FOCUS (K - 5th Grade)	ACTIVITIES
Week 1	Numbers 11-20 in Apache 11 12 13 14 15 16 17 18 19 20	- Learn numbers 11-20 in Apache. - Practice saying, reading, and recognizing the numbers. - Use visuals and activities appropriate for each grade level.

Week 3	Animals	- Learn the names of animals in Apache. - Look at slides or pictures of animals. - For younger grades, students will also color pictures of animals. - Activities will be adjusted for each grade level.

We Will Also Do:

- Songs
- Movement
- Picture Vocabulary
- Games
- Greetings in Apache
- Getting Ready for Native American Day Celebration

ASSESSMENT: Students will have an assessment test on:
☒ Numbers 11-20 in Apache
☒ Animals in Apache

STEM CLASS Kindergarten - 5th Grade

Explore • Create • Solve • Innovate

STEM class encourages curiosity, creativity, and problem-solving through hands-on learning and engaging activities.

K-5 Topic: PAPER AIRPLANES to Learn About Flight

Students will design, build, test, and improve paper airplanes while learning about the science of flight.

STEM Skills

- Explore**: Ask questions and make discoveries.
- Create**: Build and design ideas.
- Solve**: Use critical thinking to find solutions.
- Innovate**: Try new ideas and think like a maker.
- Grow**: Develop skills for the future.
