## Special Bulletin-2023 School Letter Grades

On October 28, 2023 the Arizona Department of Education released the 2022-2023 A-F School Letter Grades for all Arizona schools. This year the state also issued a letter grade for school districts. Letter grades are based on student performance and growth on state tests, college and career readiness, student attendance, graduation and dropout rates at the high school and other areas of overall performance. Below are the letters grades for our schools.

Alchesay HS	Canyon Day JH	Cradleboard Elementary	Seven Mile Elementary	Whiteriver Elementary	District
C	C	B	D	C	C

Alchesay High School and Canyon Day Junior High School have worked very hard to move from failing schools to now C schools! We applaud their growth and overall improvement!

Cradleboard and Whiteriver Elementary maintained the previous letter grade and are working to increase grade-level proficiency. Seven Mile Elementary School saw a decrease from the previous year and their staff is working to develop action plans to address areas of needed improvement.

Our mission is to empower all students to achieve their highest potential, graduating prepared for higher learning and careers. Our goal is to increase student achievement by providing grade-level instruction, targeted intervention and frequent monitoring of growth in order to fulfil our mission. Letter grades are just one indicator of a school's progress, and achievement. I acknowledge and honor the work of our administrators, teachers and support staff. I also recognize the efforts of our families because education is partnership between school and home. I ask that families ensure students are in school every day, encourage positive behaviors, attend school activities, work collaboratively with teachers to monitor student learning and please encourage your children to READ.

I am proud of our students, teachers and staff! I know that by working together, we will continue to see improvement across the district. Together we CAN make a difference!

Superintendent Leeann Lacapa

**WUSD, working together with community, will empower all students to achieve their highest potential, graduating prepared for higher learning and careers.**

*Schools are for Children; Schools are People Developers; Schools Belong to the Community; Self-Effort Educates*
