

## Child Find:

WUSD is looking for students aged 2 years 9 months or older who may have suspected delays. It's a fact that children with special needs benefit from early intervention. It's also a fact that many of Arizona's preschool children with special needs do not receive services because we don't know who they are.

If you are the parent or guardian of a preschool child or know of a preschool child with suspected developmental delays, please contact WUSD ESS Department at 928-358-5800 to schedule a free screening. We look forward to ensuring all students are successful.

**Next screening will be at WES on  
June 13 from 9:00am – Noon.**
